Joseph McMicheal
Web Lab (*DESN 497*)
Project 3 (*part 1*)

Goals

- Make a promotional iPad app for the movie “Frankenweenie.”

Challenges

- Promote movie through an app
- Display a large amount of content while keeping the app open looking
- User functionality - make webpage easy to navigate and intuitive
- (“Bare minimum”) Display movie trailer
- Make design fluid to adapt to different layouts
- Make buttons large for usability purposes
- Retina display images

Content

- Main page (display image similar to a poster)
- Trailer
- Links (including Facebook, Twitter, Github, etc.)
- Gallery (display minimum 6 movie stills)
